

HoY Newsletter—Week 1—Year 7

We are very pleased with the efforts that you have made to study at home. You have been working well on the tasks set for you by the teachers and teachers are making sure that the tasks they prepare are full of interesting content. Please continue to work hard at home and complete all work to the best of your ability, your teachers have shared many examples of brilliant work that Year 7 are doing and we found it really difficult to narrow it down to four pieces. Please keep up the good work and give it a go, no matter how challenging.

These are strange times for all of us and we encourage you to enjoy and appreciate the additional time you have with your families. If the sun is shining, go out for a walk or sit and read a book, if it's raining cook or bake with a family member or perhaps play a board game. Remember to please be good to those at home who are looking after you and trying to help you.

We know you are missing your friends, teachers and the school community. We miss you too! The school is strangely empty and eerie without you in it! Please continue to email us with any news or to touch base as we like to hear from you.

Best wishes to you and your parents. Stay safe and we will be in touch next week.

Ms Emerson and Mrs Bush

HoY challenge

Every week we will be setting a challenge for you to complete, send your entries to k.marshall.bch@osborne.coop who will make sure that you get a house point for it. The students with the most amount of house points will be rewarded when they return to school and it's a good bit of fun.

As you all know PE is my favourite subject, so your first challenge is an active one. This week I would like you to take part in a skipping challenge, see how many skips you can do in 1 minute. I managed 86. 😊

Exciting news...Bailey's chicks have hatched!

Excellent Work

Maths work—Samuel and Kyan

356 - Experimental probability & relative frequency	100% 2 ✓	0.00x	10mins
355 - Expectation	100% 1	0.00x	21mins
5 - Simple division & its meaning	100% 1	0.00x	2mins
349 - Express a probability in words	100% 2 ✓	0.00x	7mins
4 - Simple multiplication & its meaning	100% 2 ✓	0.00x	4mins
350 - Express a probability in numbers	100% 1	0.00x	8mins
3 - Related addition & subtraction facts	100% 1	0.00x	3mins
480 - Vertically opposite angles	100% 1	0.00x	9mins
477 - Angles on a straight line (1)	100% 2 ✓	0.00x	4mins

487 - Angles in a triangle (3)	100% 1	0.00x	2mins
486 - Angles in a triangle (2)	100% 1	0.00x	8mins
485 - Angles in a triangle (1)	100% 2 ✓	0.00x	3mins
484 - Proof - angles in triangles	100% 1	0.00x	1min
483 - Corresponding angles	100% 1	0.00x	2mins
482 - Co-interior angles	100% 1	0.00x	3mins
815 - Complementary angles	100% 1	0.00x	2mins
814 - Angles around a point (3)	100% 1	0.00x	29mins
813 - Angles around a point (2)	100% 1	0.00x	3mins

Biro dog drawing by Daniel.

Well done Daniel!

Textiles monster by Izzy.

Amazing Izzy!

The following students are the Year 7 Workers of the week. They are completing all of their work to a high standard and demonstrating a fantastic attitude towards home learning:

Olivia and Callum
