

Dear Parent/Carer

We know that a big part of students wellbeing comes from feeling connected to others. To support this, during form time students are going to be encouraged to have their cameras on and to engage in some debates and discussions. If your child does not feel comfortable doing this then their tutor will contact them directly and have a conversation over teams. As well as this, your child has access to www.Zumos.co.uk, an online platform to support mental health and wellbeing, please can you encourage them to use this resource and talk through with them how it might help.
